

**Fritz and Cindy Meier | Gleanings for the Hungry
Dinuba, CA**

The mission of Gleanings for the Hungry is to feed the hungry of the world both physically and spiritually; our family has served here since 2003. About 3,000 volunteers yearly help to produce dried fruit in summer months and dehydrated soup mix throughout the rest of the year. Other shelf-stable foods are also procured; every year we ship approximately four million pounds of food to Christian organizations, mostly in the third world. In turn, these missionaries share the love and gospel of Jesus Christ, along with the distribution of food. As volunteers serve, their heart for the needy and love for Christ grows, launching many into missions or future service in their communities. Currently, we oversee every aspect of the ministry as directors. We have also led numerous Discipleship Training Schools (DTS). A DTS is a five month course which includes three months of training and a two month outreach in a foreign country. Lives are discipled and transformed by attending the DTS; people are saved through the provision of food and the gospel of Jesus Christ.

Eric & Liz Hiett | CRU
Monterey Coast/Central Valley/S. Nevada
Fresno, CA

Cru exists to provide every student with an environment to investigate God, explore the idea of having a personal relationship with Him, and grow in community with one another. We offer students a chance to know Jesus and to make Him known on college campuses all over the world.

Cru is committed to helping proclaim the gospel throughout the world. The context of winning, building and sending most often occurs best in relationships.

We want to equip students to share their faith with those in their community. We offer what we call 1027 groups taken from Luke 10:27, “You shall love the Lord your God with all your heart and with all your soul and with all your strength and with all your mind, and your neighbor as yourself.”

Groups are designed to reach every student on the campuses in the Monterey Coast, Central Valley and Southern Nevada and provide the opportunity for them to know Jesus by loving God and loving others.

Groups consists of time in God’s Word, prayer, evangelism, discipleship and accountability. Our goal is to raise up student leaders to coach and equip them to reach their campus for Christ.

**Don & Cathy Allsman | Completion Global
McKinney, Texas**

Completion Global seeks to bring innovation for the Great Commission. They do this by training prisoners to be effective in ministry, by helping churches get involved in world missions without leave America, and by forming partnerships among several missions organizations.

Kelsey & Dane Schuett | InterVarsity Christian Fellowship Santa Barbara, CA

The Schuetts are campus staff ministers at UCSB and Santa Barbara City College. “Our goal as missionaries to college students is to see students and faculty transformed, campuses renewed, and world changers developed. We do this through discipleship, evangelism and outreach, Bible studies, and other events like our “Common Ground” large group meetings and conferences. Our main goal is to disciple students to become "leaders of leaders" on their campuses, where they do the work of sharing the Gospel, leading Bible studies and outreach, and discipling their peers. We have a thriving community at UCSB, where our student leaders have taken ownership of their campus and truly have a heart for the spiritually lost. At UCSB, we have ten student leaders, ten Bible studies, four InterVarsity staff members, and 50-60 consistent members in our community. At our Ignite conference last weekend, three of our students either re-committed their lives to Jesus or decided to follow Him for the first time! And many more of our students decided to participate in the “evangelism cohort”, a course designed by our regional leadership to equip students with tools to make effective invitations and share the Gospel in clear and helpful ways. Kelsey is full time at UCSB. Her current passion is for Greek students (primarily sorority girls) and development of our UCSB leaders! Kelsey is determined to help our UCSB leaders go deeper in their faith and to make disciples- students who are bold in making invitations and loving their fellow students. Dane spends half of his time at UCSB and the other half at city college. His current passion is for evangelism at city college, worship ministry and reaching out to students majoring in music on both campuses, and investing in potential students leaders at city college. Dane is also creating and running our “Year of Biblical Literacy” curriculum for our UCSB student leaders, which has been an enlightening and powerful journey so far.

Please continue to pray for us! Pray for continued spiritual health, maturity, vision, and growth for our communities at both campuses. Pray for God to continue working in and through college students in Santa Barbara. Pray for both of us, our marriage, our budget, and that God would continue giving us vision for the future.

**Dale & Marti Fisher | CRU TLM
Redlands, CA**

We train pastors and church leaders in various countries, like Cameroon and Kenya, in personal character development, leadership, and multiplication so that they can lead multiplying disciples who start and multiply small groups that form multiplying churches. Our vision is multiplying spiritual movements everywhere. In addition we minister to international students from the University of Redlands through a weekly evangelistic home Bible study and disciple students one on one. We do this with the Transformational Leadership Movement (TLM) branch of Cru (formerly Campus Crusade for Christ).

**The Table | Troy and Caroline Wilson
San Francisco, CA**

“A community church at home in the diversity that defines San Francisco. The Table is an intersection of San Francisco, Jesus, and you. Each of us has a unique story and a desire to be known and loved. Our community is a safe place to process your thoughts, questions, and feelings about God. Everyone is welcome and respected.”

Cynthia Boline | InterVarsity Christian Fellowship Idaho

InterVarsity is about establishing and advancing witnessing communities of students and faculty who follow Jesus as Savior and Lord: growing in love for God, God's Word, God's people of every ethnicity and culture, and God's purposes in the world. InterVarsity staff & students proclaim the Good News of Jesus Christ on university campuses. We pray & work so that students' lives might be transformed, the campus renewed, and world changers developed. Through Christ, I nurture students in their love for God & teach them to call other students into relationship with Jesus. Empowered by the Spirit, I train students in Christian principles of leadership to use on campus, in their churches, & in the world. Coaching students as they design & lead outreach events, Bible studies & mission projects are other ways I invest in this generation of collegians. I consider it a privilege and responsibility to disciple students as they are being formed in Christ-like character in the hope that they enrich the global church for the duration of their lives. I am also in a role with InterVarsity Link, offering Spiritual Leadership and Ministry Partner Development (MPD) acumen in seeing Link staff thrive. The staff will be in any of 90 countries. I'm thrilled to be involved in what God's doing GLOBALLY.

What is IV Link? InterVarsity Link staff (American IV staff who go to learn from & serve on campuses in other countries) engage students with the Gospel of Jesus Christ on college campuses around the world through the International Fellowship of Evangelical Students (IFES). We do all of this in the context of another culture, often in another language, and always in partnership with local believers who invite us in and lead us along the way. We serve under local leadership, striving to meet local goals, and using local ministry methods.

What is IFES? Currently, there is an IFES presence in over 170 countries around the world to establish and support student-led indigenous Christian movements via planting new student ministries in unreached campuses, cities & countries, evangelism, engaging the university, helping student think biblically & live missionally, developing leaders.

**Kevin and Cynthia Smith | International Student Christian Association
University of Arkansas**

“We are a group of international students who seek to develop strong friendships and to learn and follow God together. We have two houses, one for Men and one for Women, where you can live in community with other International Students...We pray together. We worship together. We party together. And we learn about Jesus together.”

**Steve and Ros Bagwell | Wycliffe Bible Translators
Waxhaw, NC**

Steve and Ros Bagwell are members of Wycliffe Bible Translators serving at a technical support center in North Carolina. Steve works as a web app developer and Ros as an Accounts Receivable assistant. When people only have access to the Bible in a language that is not their own, most of them either don't understand it or are not interested in it. There are still over 2,000 languages in need of translated Scriptures. Wycliffe is working with partners around the world to bring that number down to zero.
